

INCC 2026 ^{4th} International Conference on Information Network and Computer Communications

Niigata, Japan / November 28-30, 2026

ABOUT INCC

2026 4th International Conference on Information Network and Computer Communications (INCC) will be held in Niigata, Japan during November 28-30, 2026, co-sponsored by Niigata University. It is a major conference venue for researchers to present and exchange significant and innovative contributions and ideas in the field of networking and closely related areas. INCC covers both theoretical and systems research. For INCC 2026, the conference includes a main technical program, a number of workshops, keynote speeches and panels.

Co-sponsored by  NIIGATA UNIVERSITY Patrons  澳門大學 UNIVERSIDADE DE MACAU UNIVERSITY OF MACAU  Kyutech Kyushu Institute of Technology  RITSUMEIKAN UNIVERSITY

CALL FOR PAPERS

Topics of interest for submission include, but are not limited to:

Information Network

- Computer Networks
- Information analysis and infrastructure
- Cross-layer optimization and control
- Datacenter networking
- Energy efficiency in networks
- Fault tolerance, reliability and survivability
- Information-centric networking
- Internet architecture
- Network management
- Network measurement and analysis
- Optical networks
- Overlay and peer-to-peer networks
- Router and switch design
- Routing and multicast

Wireless and Mobile Communications

- Wireless Networks
- Wireless Sensor and Communication Networks
- 5G and 6G Communications
- 5G and beyond networks
- Cellular networks
- Connected unmanned aerial/terrestrial/underwater systems
- CubeSats
- Dynamic spectrum sharing

Communication Fundamentals and Signal Processing

- Wireless Networks
- Signals and Systems
- Communications Engineering
- Data Communication

Emerging Computing and Frontier Networking Technologies

- Networked-driven Multicore Chips
- Cloud Computing and Internet of Thing
- Cloud computing/mobile cloud computing
- Cyber-physical systems
- Edge and fog computing/networking

Network and Information Security

- Network and Data Security
- Net information Security & System Security Technology
- Information Warfare Technology
- Information security and privacy

Multimedia Applications and Communication Services

- Virtual Reality and Simulation
- MIS Management Information System & Network System Project
- Digital Media Technology & Radio/Television Engineering
- Information Retrieval and Database Systems Information Theory
- Information Technology Applications
- Age of Information
- Crowdsourcing

Intelligent Applications of AI in Communication Networks

- Pattern Recognition & Information Retrieval
- Big data and machine learning for networks

Intelligent Applications of AI in Communication Networks

- Pattern Recognition & Information Retrieval
- Big data and machine learning for networks

More topics: <https://www.incc.net/cfp.html>

2026 KEYNOTE SPEAKERS

Prof. Ryuji Kohno, IEEE and IEICE Life Fellows
Professor Emeritus, Yokohama National University, Japan,
Vice-President, YRP
International Alliance Institute, Japan

Prof. Lin MENG, Senior Member of IEEE and Member of ACM, IPSJ, IEICE, and IEE
College of Science and Engineering and head of the Intelligent High-performance Computing Lab., at Ritsumeikan University (RU), Japan

PUBLICATION

Submissions will be reviewed by at least two conference technical committees or international reviewers, and accepted papers of INCC2026 will be published in a volume of Conference Proceedings by IEEE, included into IEEE Xplore, and submitted for Ei Compendex and Scopus indexing. ([IEEE Conference List](#))

Journal Recommendation

Selected papers from INCC could be recommended to journal after being extended with at least 35% new content. [Engineering Reports \(Online ISSN:2577-8196\)](#) is an international, open-access journal that welcomes scientifically and technically valid articles from all areas of engineering and computer science. Engineering Reports is currently indexed in: COMPENDEX (Elsevier), INSPEC (IET), Web of Science (Clarivate Analytics), etc.

SUBMISSION

Submission Linkage:

<https://confsys.iconf.org/submission/incc2026>

REGISTRATION

Registration Linkage:

<https://confsys.iconf.org/register/incc2026>

IMPORTANT DATE

Submission Deadline: July 25, 2026

Acceptance Notification: August 15, 2026

Registration Deadline: August 30, 2026

Conference Dates: November 28-30, 2026

CONFERENCE HISTROY

INCC 2025

INCC 2024

Call for Special Sessions

Each special session will consist of 8-9 oral presentations. The special session proposal should contain the following information:

- A title for the special session, the names and contact information of the organizers;
- A brief description of the session (up to one page);
- Brief biographies of the session organizer(s) and their contact information;
- 8-9 tentative papers with title, authors and short abstract.

Please submit the special session proposal to incc_conf@126.com with the Subject line: 'Special Session Proposal'

COMMITTEE

Conference Advisory Committee

Ryuji Kohno, Yokohama National University, Japan & YRP
International Alliance Institute, Japan

Conference General Chair

Tatsuya Yamazaki, Niigata University, Japan

Conference General Co-Chairs

Chi Man Pun, University of Macau, Macau, China
Lin Meng, Ritsumeikan University, Japan

Conference Program Chairs

Keisuke Nakano, Niigata University, Japan
Hirotake Ishii, Kyoto University, Japan
Andrew Sung, University of Southern Mississippi, USA
Shangce Gao, University of Toyama, Japan

Conference Program Co-chair

Chenglong Shao, Kyushu Institute of Technology, Japan

Conference Publicity Chair

Shinji Sugawara, Chiba Institute of Technology, Japan

Conference Publication Chairs

Choi Hyun-woo, Korean Data & Information Science Society, Korea

Chien-Ming Chang, Kyushu University, Japan

Conference Treasurer

Ho Yee-Man, Hong Kong Automation Technology Council, Hong Kong, China

Conference Technical Program Committees

Yaokai FENG, Kyushu University, Japan
Anand Nayyar, Duy Tan University (DTU), Vietnam
Xuechao Li, Auburn University, USA
Xiaohui Zhu, Xi'an Jiaotong-Liverpool University, China
Thomas Y.S. Lee, University of Illinois at Chicago, USA
Garenth Lim King Hann, Curtin University Sarawak, Malaysia
Ali Yavari, Swinburne University of Technology, Australia
José André R. S. Moura, Instituto de Telecomunicações, Portugal
Chien-Ming Chen, Nanjing University of Information Science and Technology, China
Jessie Ming Sin Wong, Hong Kong Metropolitan University, Hong Kong, China
Akane Yamasaki, Hiroshima University, Japan
Lucas Kohnke, The Education University of Hong Kong, Hong Kong, China
Wei Wei, Macao Polytechnic University, Macao, China
Juan Luis Cabanillas-García, University of Extremadura, Spain
Sherryl Montalbo, Batangas State University, Philippines
Jeff Chak Fu WONG, The Chinese University of Hong Kong, Hong Kong, China
Chung Kwan Lo, The Education University of Hong Kong, Hong Kong, China
